

Technical Specifications

The creation of the bench will depend on the buyer's choice, as the versatility it has is tremendously wide in terms of shapes and materials.

Thanks to the fine, straight lines, in any of the options chosen, the result is a sober bench, with pure lines and which will transmit the feelings intended by the buyer thanks to the choice of material on both sides of the piece in this sinuous bench.

Measurements in centimetres (cm)

Available materials and finishes

A. Natural stone

Can be made in any natural stone. We recommend to work with local or proximity stones for sustainability and easier reparability.

- Sierra Elvira
- Travertino Rojo
- Crema Marfil
- Stone to your choosing

B. Concrete

Element made of high quality architectural concrete / UHPC (ultra hygienic performance concrete) which confers great plasticity and durability.

- White
- Grey
- Black

*Others colours under request

Fixtures

A. Natural Stone

Using a stainless steel threaded rod to the ground.

B1. Concrete

No anchoring is necessary due to the weight of the piece.

B2. Concrete

Using a stainless steel threaded rod to the ground. (Optional).
