

PERGOLA BIPES

PERGOLA BIPES

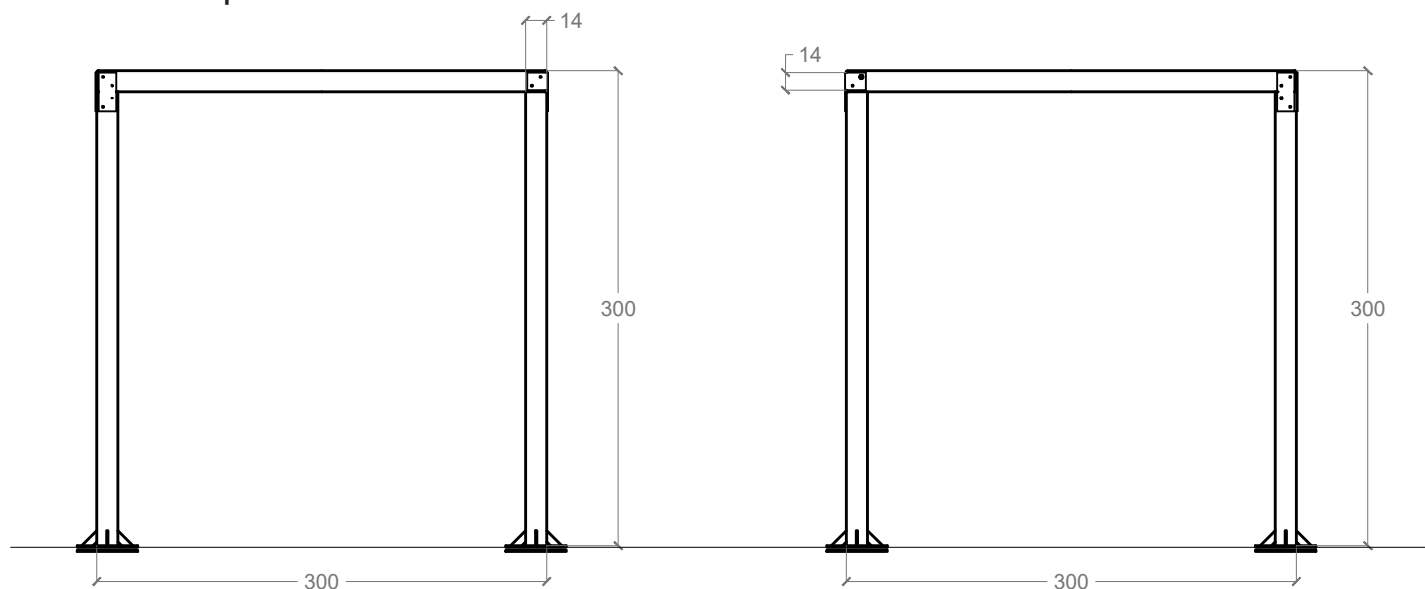

A piece of street furniture supported by two pillars, designed to open up and encourage social interaction.

It provides shade, creating an ever-changing environment thanks to the interplay of shadows cast by the alternating wooden slats and open spaces.

An elegant and sober pergola that not only provides shade, but also ennobles the urban space where it is located with its quality: promenades, harbours, parks, squares...

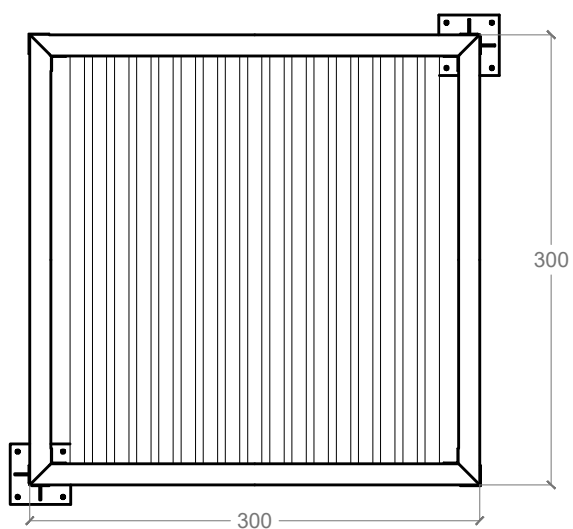

Technical Specifications

Measurements in centimetres (cm)

The purity of the lines and joints of the BIPES Pergola are reinforced by the materials used (steel and wood).

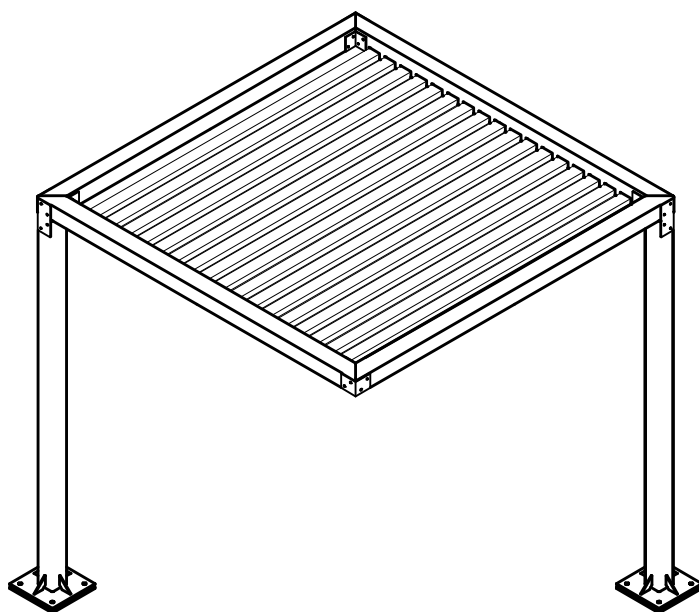

Materials and finishes available

A. Wood

-  Autoclave treated and protected red pine, FSC-certified

B. Structure

-  Square hollow sections made of galvanised and lacquered steel, frosted finish
-  Square-section pillars made of galvanised and lacquered steel, frosted finish.
